

Healing Circles Mother's Day 2016

Remembrance Wreath making for Kids, Teens, & families coping with loss

This art workshop is for kids, teens, & families, remembering the special person who has died: a mother, an aunt, a grandma, a friend. Wreaths are often the symbols of the circle of life and of seasons.

During this Mother's day, create something that you can hang and honor your special person. Kids process grief through play and art so every come and create something together.

Call to register and discuss your wreath ideas. There will be cake and juice. This is a free event.

Dates: Saturday
May 7, 2016
