

Healing Circles Glass Memories 2015 Teen Grief Group

Teens Coping with a Death Loss

Grief affects everyone differently. You are not alone. Similar to grief, working with glass involves lots of changes, different reactions to situations and must be done one step at a time.

This grief group will give you the opportunity to remember your loved one while learning how to work with molten glass in a safe environment and be surrounded by others that have also experienced a death loss.

You are responsible for transportation to the studio. This program is free of charge, and anyone between the ages of 13-18 experiencing a death loss can apply.
