FAQ about Monthly Giving

Why should I become a Sustaining Donor?

TRU Community Care’s Sustaining Donor program ensures that TRU is here for everyone in our community, regardless of an inability to pay, and provides a steady source of income to help us fulfill our mission of affirming life at every step of your journey with illness and loss. By pledging a monthly gift, you help to ensure that our patients and families have the support they need through our PACE, palliative care, hospice, and grief programs. As a sustaining donor, you will receive periodic updates including event invitations and our seasonal newsletter.

Where do I submit this sign-up form to?

There are several options for submitting your Sustaining Donor sign-up form. You can call our Development Department at 303.926.4743 to provide your credit card information.
