*We continue to check for N95 availability in multiple sizes through our trusted vendors. Clinical Managers will work with individuals on the appropriate PPE given the current conditions. Availability of PPE is subject to change as supply chains change.

All staff to wear a medical grade mask at all visits. It is strongly recommended to wear a mask and eyewear at all visits, as this is considered non-exposure. N95 required for nebulizing procedures or within 2 hours of procedure, CPAP, BiPap or trilog ventilator.
